

# WEEK 3 SOCIAL MEDIA TOOLKIT

## GRAPHIC 5

If the child is touching his or her genitals in public, make sure your child is aware of the behavior; help them identify "public" and "private" spaces. #SAAM

## GRAPHIC 6

Talk to all young people about the range of subjects included in sexual health #SAAM

## VIDEO 3

Check in with your older children. You can reassure young people experiencing dramatic changes by letting them know these changes are normal. #SAAM
